

**ARP-ESSER Application: Part 2 - ARP Act**Introduction/Instructions - Summary & Background

---

**Summary & Background**

SYRACUSE ACADEMY OF SCIENCE CS

421800860854

**SUMMARY & BACKGROUND**

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund. The ARP Act requires that a minimum of \$8.09 billion (90 percent) be allocated to LEAs, including charter schools and Special Act School Districts that are LEAs. Pursuant to the terms of the ARP Act, LEA allocations have been calculated using the relative shares of grants awarded under Title I, Part A of the ESEA for the most recent federal fiscal year (2020). Each eligible LEA's ARP-ESSER allocation may be found [HERE](#).

Under section 2001(d)(2) of ARP Act of 2021, each State Educational Agency (SEA) must make ARP-ESSER allocations to LEAs in an expedited and timely manner and, to the extent practicable, not later than 60 days after the SEA receives its ARP-ESSER funds. The first portion of ARP-ESSER Funds was awarded to states on March 24, 2021, and 60 days from that day is May 24, 2021. The U.S. Department of Education (USDE) has taken the position that an SEA makes allocations when it authorizes the LEA to begin to obligate funds in accordance with its needs. To enable New York State's LEAs to begin to obligate ARP-ESSER funds by USDE's May 24, 2021 deadline, the application for LEA 90% base ARP-ESSER allocations is being administered by NYSED as a two-part application process:

**ARP-ESSER Application – Part 1:** The first step was for each LEA to submit signed assurances to NYSED by May 24, 2021. Upon receipt of signed LEA assurances, NYSED provided an email notice to the LEA of substantially approvable application status. Upon receipt of such notice, LEAs were able to begin obligating their allocation of 90% base ARP-ESSER funds.

**ARP-ESSER Application – Part 2:** The second step will be the submission of a full application and budget by the LEA. NYSED will issue a Grant Award Notice (GAN) to the LEA after the LEA's application is fully reviewed and approved by NYSED. Part 2 will address several of the plan-related assurances an LEA must provide in Part 1 of the application process.

The ARP Act requires LEAs to reserve at least 20% of their 90% ARP-ESSER allocation to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on economically disadvantaged students, children with disabilities, English learners, racial and ethnic minorities, migrant students, students experiencing homelessness, and children and youth in foster care. For your information, the minimum 20% reservation for each LEA may be found [HERE](#).

**Project Period**

March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated by October 31, 2024.

**Project Number**

The project number stem for the program is:

ESSER: 5880 - 21 - XXXX

This number should be used on the appropriate FS-10 budget form.

**Submission Deadline**

Completed applications are due by **August 31, 2021** (with extensions by request), and will be reviewed on a rolling basis.

Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER allocation returned to the United States Department of Education.

---

ARP-ESSER Application: Part 2 - ARP Act

Introduction/Instructions - Summary & Background

---

**APPLICATION PROCESS FOR LEA ALLOCATIONS OF ARP-ESSER SEA RESERVE FUNDS**

The federal ARP statute requires SEAs to reserve:

not less than 5 percent of the total amount of grant funds awarded to the State (\$449.4 million) to carry out activities to address the impact of lost instructional time by supporting the implementation of evidence-based interventions;

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based summer enrichment programs; and

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based comprehensive afterschool programs.

The 2021-22 enacted state budget directs that these required SEA set-asides be allocated as grants to specified school districts. Each eligible district's allocation of SEA reserve funds may be found [HERE](#). NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the [SED Monitoring and Vendor Reporting System](#). This application is only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

**ARP-ESSER Application: Part 2 - ARP Act**Introduction/Instructions - Submission Instructions

---

**Submission Instructions**

SYRACUSE ACADEMY OF SCIENCE CS

421800860854

**Directions for Submitting the Application:**

The online application may only be submitted/certified by the chief school officer of the applicant LEA. The designated superintendent (public school LEAs), and the chief executive officer, board of trustees president, or school employee designated by the board of trustees (charter school LEAs) are the only administrators with the submit/certify rights necessary to successfully submit and certify a completed application for NYSED review.

LEAs ARE NOT REQUIRED to send hard copies of general application materials to the Department.

LEAs ARE REQUIRED to send signed originals and two hard copies of each FS-10 Budget Form to:

*Office of ESSA-Funded Programs - Rm 320 EB*

*RE: ARP-ESSER Application – Part 2*

*New York State Education Department*

*89 Washington Avenue*

*Albany, NY 12234.*

**Deadline for Submitting the Applications:**

The ARP-ESSER Application – Part 2 is due by August 31, 2021.

**ARP-ESSER Application: Part 2 - ARP Act**

LEA ARP-ESSER Plan - ARP-ESSER Intent to Apply

---

**ARP-ESSER LEA Base 90% Allocation - Intent to Apply**

SYRACUSE ACADEMY OF SCIENCE CS

**ARP-ESSER LEA Base 90% Allocation - Plan Development and Dissemination**

SYRACUSE ACADEMY OF SCIENCE CS

421800860854

Title VIII of Division B of the CARES Act directs the Department to carry out the Education Stabilization Fund, of which the ARP ESSER funds are a part. Section 2001 of the ARP Act provides for the Department to make grants to each SEA from the ARP ESSER funds. An SEA must allocate at least 90 percent of its ARP ESSER grant funds to its LEAs (including charter schools that are LEAs) in the State in the same proportion that the LEAs received under part A of title I of the ESEA in Fiscal Year 2020, as required by section 2001(d)(1) of the ARP Act; and section 2001(e) of the ARP Act prescribes certain mandatory and permissive uses of LEAs' funds. Under 20 U.S.C. 1221e-3, the Secretary has the authority to promulgate rules governing the programs administered by the Department. Under this requirement, each LEA that receives ARP ESSER funds must develop, submit to the SEA on a reasonable timeline determined by the SEA, and make publicly available on the LEA's website, a plan for the LEA's use of ARP ESSER funds. The plan - known as the LEA ARP ESSER Plan - and any revisions to the plan submitted consistent with procedures established by the SEA, must include a description of key activities which are required below.

**NYSED will consider each LEA's application for its base 90% ARP-ESSER allocation as meeting the USDE LEA ARP-ESSER use of funds plan requirement, provided the required elements of the plan are fully addressed in the LEA's application, combined with a budget, and then publicly posted after being developed with public input.**

An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

Each LEA's ARP ESSER plan must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

- 1. In the space provided below, please describe how the LEA meaningfully engaged a diverse and representative set of the applicable stakeholders in developing a plan to use these funds and implementing that plan.**

All plan implementation was taken with the consideration of both internal and external stakeholders. District office staff, operational staff, school deans, parents, board members, and community members were all involved in the decision making process regarding how to best utilize the available funds. Feedback was gathered through the use of surveys and meetings. In addition, our school looked at the Syracuse City School District parent survey results which were closely aligned with our implementation plans and goals. Meeting announcements were displayed on our school website and social media.

- 2. In the space provided below, please provide the URL for the website(s) where the LEA ARP-ESSER Plan is/will be publicly posted. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

**ARP-ESSER LEA Base 90% Allocation - Program Information**

## ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

---

3. In the space provided below, please describe the extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.

Funds will be utilized to prioritize school culture, social-emotional support of our students, and fill in student achievement gaps that were created due to the COVID-19 pandemic. All areas in which funding will be implemented aligns directly with our district's priority on student and staff safety, and CDC guidelines. Students and staff members participating in summer, weekend, after-school, and tutoring programs will be required to wear masks and remain adequately socially distanced. New staff members will receive in-depth training on our school's COVID-19 safety protocols, and all new technology purchased will be properly sanitized between student usage. Daily cleaning throughout the school day of high traffic areas will continue to be a priority in addition to nightly deep cleaning of classrooms. The district's HVAC air filtration system has been upgraded to increase air circulation and ventilation throughout the school. As an added layer of safety, we will continue to provide our students with safety dividers while eating, send out student and staff health surveys and conduct temperature checks upon student, staff, and visitor arrival.

4. In the space provided below, please describe the data that the LEA will use to identify student needs and monitor student progress as a result of planned interventions and supports.

Student needs will be measured and monitored throughout the school year. Students with high achievement gaps were identified at the end of last year and were asked to participate in our summer school program. Assessments and data were collected throughout the course of our program utilizing the SANY database. Our database allows each child's progress to be monitored closely and in detail until the student reaches a level of mastery on all standards. Utilizing the standardized learning structure helps teachers to create an intervention plan for each student and group them according to their ability level. This data is then used towards targeted interventions within the classroom and through tutoring programs. With strong parent communication and support, tutoring opportunities will expand beyond the school day and into weekend and evening sessions for students in need. Students will continue to receive assessments during the course of the year, and teachers will gather data to monitor growth or assign alternate supports. In order to ensure that our school has the ability to offer a wide range of support for our students, we will be using the majority of the funding to employ Academic Intervention Specialists, additional Teaching Assistants, Behavior Specialists, and Counselors.

5. In the space provided below, please describe how the LEA will use the funds it reserves under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year.

The impact of lost instructional time will be addressed through district-wide after-school programs, Saturday school, after-school tutoring, and summer school. A district-wide six-week extended day summer school program has already been held. Enrolled students attended summer school five days a week for four to six hours a day. Teachers focused on closing academic achievement gaps and supporting our students' social-emotional needs during this time. Our school was also able to provide breakfast and lunch for all students, and transportation for those in need. Students will receive targeted and small group interventions during the school day, and also outside of school hours to substitute for the previous year's lost instructional time. Students in need will be identified based on absenteeism and assessment scores.

## ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

---

6. In the space provided below, please describe how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) - the allowable uses of funds - of the ARP Act.

Funding will be used to hire additional academic staff and to purchase technology for our school. Hired positions will include Intervention Teachers, Academic Intervention Specialists, Intervention Support Teachers, Guidance Counselor and Speech Language Pathologist. Counselors will be hired for social emotional needs and they will be available to support and mentor our students. These positions will ensure that the added programs and services that our students will be receiving this year will be properly staffed. Technology that is purchased through these funds will be for student Chromebooks. Additional Chromebooks will allow our school to have a 1:1 student and technology ratio. Our teachers receive emotional poverty training to better understand and address our special ed. population student needs. Our district also uses a variety of assessment tools to monitor student growth and tie intervention directly to our data. Programs that allow us to track student growth include iReady, STAR, and Fountas, and Pinnell. Based on these evidences from the assesment online tools, our intervention specialist and Intervention Support Teachers will focus on each of those children and develop their growth plan by providing small group or one-on-one intervention program.

7. In the space provided below, please describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

Through the utilization of our intervention programs iReady, STAR, and Fountas and Pinnell, interventions are able to be tailored to students' needs on a regular basis. Students are able to receive necessary support and fill in achievement gaps. Parent liaisons help our district to ensure that our community and parents know the opportunities that are available within our school that allow us to serve our students. Our district works hard to also develop new and existing partnerships with community organizations that serve our students outside of the school day. For example, North Side Learning Center is working with our schools to provide some services within their facility for our students and their families. 100 Black Men is also a community organization that serves as a mentor for our students. SANY is also committed to our student's character education. Teaching and focusing on the whole child is part of our mission and dedication to our students. Our schools are utilizing the Positivity Project and having a staff that is trained on McKinney-Vento and incorporating Culturally Responsive Teaching into their classroom daily helps to ensure that all student needs are met. Our district also has Behavior Specialists and certified Counselors that will be on alert this year and fully available to our students. They conduct one on one check-ins with students, regular building walkthroughs, pull small groups, and work with families to address both in-school and at-home needs.

**ARP-ESSER Application: Part 2 - ARP Act**LEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

---

**ARP-ESSER Return to In-Person Instruction**

SYRACUSE ACADEMY OF SCIENCE CS

421800860854

Section 2001(i)(1) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, not later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools, including those that have already returned to in-person instruction. Section 2001(i)(2) of the ARP Act further requires that the LEA seek public comment on the plan and take those comments into account in the development of the plan. Finally, section 2001(i)(3) of the ARP Act states that an LEA that developed a plan for the safe return to in-person instruction and continuity of services prior to the date of enactment of the ARP Act will be deemed to have met the requirement to develop a plan under section 2001(i)(1) as long as the plan meets the statutory requirements (i.e., is publicly available on the LEA's website and was developed after the LEA sought and took into account public comment).

The LEA's plan must include how it will maintain the health and safety of students, educators, and other school and LEA staff and a description of any policies it has adopted regarding each of the CDC's safety recommendations, including universal and correct wearing of masks; modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); handwashing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine in collaboration with the State, local, territorial, or the health departments of Native American Nations; diagnostic and screening testing; efforts to provide vaccinations to school communities; appropriate accommodations for children with disabilities with respect to health and safety policies; and coordination with State and local health officials.

The plan must describe how the LEA will ensure continuity of services, including but not limited to services to address students' academic needs and the social, emotional, mental health and other needs of students and staff, which may include student health and food services.

LEA plans must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

**NYSED will permit previously developed LEA re-opening plans to satisfy the ARP statutory requirement for the safe return to in-person instruction and continuity of services. LEAs must make any necessary updates to existing plans to conform with the USDE requirements within 30 days of receipt of ARP-ESSER funds and to review (and revise if appropriate) plans every six months thereafter (until September 30, 2023).**

- 1. In the space provided below, please provide the URL for the website(s) where the district's most current re-opening/return to in-person learning plan is/will be located. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

<https://www.sasc.org/>

## ARP-ESSER Application: Part 2 - ARP Act

LEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

---

2. An LEA must periodically, but no less frequently than every six months (through September 30, 2023), review and, as appropriate, revise its plan. Consistent with section 2001(i)(2) of the ARP Act, which requires an LEA to seek public comment on the development of its plan, an LEA must seek public input and take such input into account in determining whether to revise its plan and, if it determines revisions are necessary, on the revisions it makes to its plan, i.e., the LEA must seek public input on whether to revise its plan and on any revisions to its plan no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools). If the LEA revises its plan, the revised plan must address each of the aspects of safety currently recommended by the CDC or, if the CDC has updated its safety recommendations at the time the LEA is revising its plan, each of the updated safety recommendations.

In the space provided below, please describe how the LEA will review and regularly update (at least every six months through September 30, 2023) it's plan for in-person instruction, including a description of how public comment will be collected.

Our district will review and regularly update our plan for in-person instruction through information collected by surveys, elementary school Classroom DOJO, website inquiries, and our PTO Coffee and Conversation sessions. Parents will receive quarterly invites through our newsletter to share their valued feedback. District-wide parent surveys that are sent out always include a written component where parents are able to write and share their comments, concerns, and feedback. This information will then be used and taken into consideration when determining any needs or changes to our existing plan.
